

## Visit & Learn

**GARDEN HOURS**  
Sunrise to Sunset Daily

**VOLUNTEER HOURS**  
Fridays 9:30am-11:30am on a drop-in basis  
All ages welcome, children must be accompanied by an adult

## Volunteer & Learn

# SEE \* LEARN \* ENJOY!

The Manhattan Beach Botanical Garden (MBBG) is a 2/3-acre demonstration garden. Use it as a guide to planting an Earth-friendly native garden at home, and create your own wildlife habitat and bird/butterfly sanctuary.

MBBG is also a resource for residents wishing to volunteer. Learn simple gardening practices that reduce water use, ocean pollution, energy use, and species decline. Enjoy wildlife, make friends, and exercise at your level while helping maintain the garden.

VISIT our educational website: [www.mbbgarden.org](http://www.mbbgarden.org)

## HABITATS IN THE GARDEN

Coastal  
Dune

Coastal  
Sage Scrub

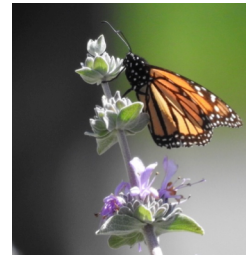

Chaparral

Riparian  
Woodland

Coastal  
Prairie
