

# IF YOU PLANT IT, THEY WILL COME!

Try This Easy-to-Grow California Native: Bush Sunflower

**Favorite foods:** Insects & Seeds

**Favorite garden plant:** Bush Sunflower

*Encelia californica*

**LESSER GOLDFINCH**

**What do you notice about this bird?**

**What do you wonder about this bird?**

**What does it remind you of?**

These social birds have a dark back, unlike the bright yellow American Goldfinches that also visit the garden. Females are more grey than black. Males and females look different, which scientists call ***sexual dimorphism***.

**See Lesser Goldfinches in the garden:** All year!
